

6th Grade News

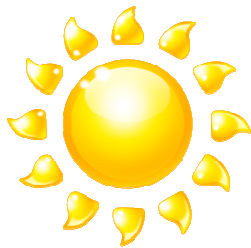

SUMMER EDITION

Class Information

Communication is an important key to any student's success so 6th grade writes a weekly newsletter. Along with the copy found on this webpage, students are given a paper copy on Friday before they leave.

In this section, parents will find general information about the class, hints on how to increase student success on current projects, or a special note from teachers.

CURRICULUM HIGHLIGHTS

Bible:

Students will learn basic information about the Bible and will begin to the journey of learning how to personally apply that to their lives.

Science:

6th Grade is about learning how to learn science. Although content will be mastered, the goal is the study skills to be confident in science.

History:

6th grade learns about the Middle East, Africa, and Asia. The program combines history and culture.

Reading:

Students will learn the grade appropriate reading abilities, as well as the enjoyment of reading and literature.

Language:

Students will learn language rules and develop the ability to apply that knowledge to grammatical sentence structure.

Writing: 6th grade will learn writing and editing skills by using the 5 step writing process and six trait writing concepts.

This section includes the following:

1. Information or announcements from the office and PTM
2. Monthly calendar/due dates
3. Special ministry opportunities offered by the ASB
4. General school information
